**After Regular Meeting New Candidates Are Heard—Present Aldermen Speak**

Some twelve hundred ratepayers of Edmonton had a lively time at the First street Bijou Theatre last night on the occasion of the ratepayers' annual meeting. The excitement

ing of the meeting. H. H. Cooper had been asked by the council committee which arranged for the hall to act as chairman. He came on the platform a few minutes after eight o'clock and stated the object of the meeting. He hardly had begun when W. J. McNamara arose in front of the platform and declared that he had asked to speak directly after Mayor Short, who was to be the first speaker. "I asked the chairman," he cried.

Then a wave of independence swept the audience and it decided it would have none of Mr. Cooper. It wanted to elect its own chairman. He tried several times to obtain order but failed.

He explained how the chairman had been appointed. Ex-Alderman Joseph Clarke marched down the aisle and nominated W. J. Magrath as chairman. Mr. Clarke received a hostile reception and for several minutes could not make himself heard above the uproar. Mayor Short meanwhile

Mr. Magrath suddenly changed his mind and stated that although

plant for the water supply taken some miles up the river.

One or two disturbances marked the mayor's address. Mr. Thompson, an employee at the power house, flitted about the mayor when the latter stated that no plans of the way in which pipes for the filters, were laid could be found.

"There was a plan," shouted the employee, and the crowd roared. "Indeed," explained the mayor, "you assume me."

"I gave it to Murdoch with my own hands," cried the employee.

"That's strange," answered the mayor; "please report at my office in the morning and we will find this plan if it exists."

### Desired to Make Speech

The employee, desiring to make a speech, but Mr. Magrath intervened, remarking that he thought the mayor had done all he could in the matter, and the audience agreed mildly.

After reviewing minutely the various financial events of the year, Mayor Short made an announcement that he expected an enthusiastic reception, if elected, that he had just received a letter from the city's bankers which reported that Lloyd's Bank of London had secured the city that it would loan a sum of \$5,000,000 worth of debentures early next year, and thus something unforeseen happens.

"This," explained Mayor Short, "means that even after we have paid the two million dollar worth of debentures that will be left to the city for this year's lease, that we will have \$5,000,000 to go ahead with necessary construction work next year."

Mayor Short cut short his remarks at the year when he found that he had been speaking for more than an hour. He ended abruptly and left the stage, and a few minutes later he returned for a solid minute or two the most deafening uproar ensued. Alderman

Mayor Short, who reviewed the city's administration during the past year at the Biltmore Theatre last night.

Livingstone stood and listened to the mayor with a little smile on his face. For a moment it looked as though the mayor was not going to let him speak at all. Then Chairman Magrath took a hand in the proceedings and permitted the audience to let Mr. Livingstone speak.

"You know," the alderman began, "at the very first public meeting in which I took part in this city, you people got my goat with your candid remarks."

Immediately the crowd laughed, and decided to listen.

"It is very unfair to make us say our little speech in five minutes," he went on. "Why, we've five fine superlatives this year and that, only leaves me a minute for each evening."

Alderman East stroked his nose. Alderman Douglas, Smith and Walsh were listened to attentively. Alderman Douglas received the most flattering reception. Alderman East was welcomed with cheers, and fell out of the meeting when he was blamed for mismanagement of the city.

Mayor Short said he was not going to speak again as it was getting late, but the crowd insisted, and so he repeated two or three of the attacks made by Mr. McNamara.

John Cook, A. A. Kinney and J. R. McIntosh, aldermanic candidates stated their views and the meeting broke up.

Mayor Short's Review. Mayor Short, in his first speech, briefly reviewed the work and endeavors of the past year.

"This has not been what you would call a happy year," he began. "The material conditions were unprecedented. The country stepped from a period of great prosperity to one of financial stringency. The result has been that every citizen has had to make the exception of Edmonton, has severely criticized its improvement program."

Edmonton alone has a tremendous amount of improvement work to do. The city has not been able to afford to stop. The retiring council has been very active in the improvement work for the next year and the year's council laid before the city the largest program ever submitted to the city.

In spite of financial difficulties, the city has managed to carry out this program very largely."

The mayor then quoted the figures showing the number of houses of improvement laid this year and which have been paid for by the people.

Debate. The debate of the city today is \$22,133,899, and the amount of the city's debt is \$1,000,000, or \$1,412,000.

"The public has been extended greatly this year. We have had 22 miles of," continued the mayor. "We have had an eighteen foot strip on residential streets and this is proving itself."

Water mains and lateral sewers are being laid all the way from the necessary parts on the north side. These sewers will flow everywhere needed except in Palmer and Indian. The north side needs little extension and we have to be taken care of next year."

Water Question.

The mayor then reviewed the steps leading up to the decision of the council to go against the city's most important water supply. The majority of the council was of the opinion that the water should be obtained at any cost," he said. "You cannot measure life by money and a pure water supply is the most vital thing to the life of a city. The need of going up the river beyond the point

ability of local contamination is shown by the fact that today there is a storm sewer emptying out of the Great River, which is above the present in lake. The commissioners did not agree on the necessity of going to the Rabbit Hills and so they delayed on the fact of proceeding with the carrying out of the council's wishes. With the consent of the council I engaged Willie Chalmers, of Toronto, to go over the ground. He did a great deal of field work and was able to ascertain that it was best to go up stream, he advised against putting the sewers in top of the Rabbit Hills. He declared that several hundreds of thousands of dollars would be saved by staying on the river bank, directing the water up there and then sending it to the city and lifting it to the consumer by high lift pumps. This far, surveys have been made and laid out for the pipe line. The work should be proceeded with rapidly next year."

### Thank Sewer Work

Work on the trunk sewer last week reviewed. This year about 10 miles of trunk sewer had been constructed. The mayor pointed out that the sewer would cost \$5,000,000 for the north side alone. Alexander Smith, of New York, an expert, and a man recognized as an authority, who had examined the Edmonton system, had expressed that this system was for a city of a quarter of a million people. The mayor thought that it was too much for a city of 200,000 people to carry. However, the department had begun the work, and although the sewer was not yet laid, it was in the ground and had been made last year to the outlet of the trunk sewer north to locate the purification plant required by law.

The two million dollars then spent on the sewer, the present sewer works would have provided the necessary to many hundreds of houses.

Last Year's Overpayment. The mayor then told of the five million dollar overpayment left over by last year's council. For the first time he had practically cleared up the city. The exact total was \$1,727,712.

The bank told us this was all we should try to raise this year; that we should not attempt any further improvement," said the mayor. "The bank would allow to raise five and a half million. The city and the council concluded conditions were abnormal, that the Edmonton system was not sound, and that by next year there would be no more money to raise. It was decided to pay extra interest if necessary to carry out the improvements in the city. It was thought it would be better to do this than to have a worse worst time and so make conditions harder than ever in the city."

The mayor then reviewed at length the various conditions of the city.

Chaotic Conditions. Continuing to other matters, he commented on some of the chaotic conditions existing in the city at the beginning of the year. The stores and work departments were in a state of confusion, and the result was the engagement of the city's resources in a chaotic manner.

"We'll start a new meeting right here," announced Mr. Magrath. The audience voted to allow each mayor candidate twenty minutes and the prospective alderman ten minutes. Mr. Magrath held the watch on the speaker.

He announced that he would call on Mr. McNamara first. Mr. McNamara objected. He wanted to speak after Mayor Short, but the crowd disagreed and the objector did not press his point.

Mr. McNamara spoke for his full twenty minutes. He criticized the mayor for a hundred and one different things. He announced he would retire from the contest if it was proved that the city was not in a state of chaos in regard to the Klu Kluxers' activities. He spoke on the subject for ten minutes. Then he attacked the newspapers for the next eight minutes.

"The government would cure all the ills of the city," he said. "The government would cure all the ills of the city. The audience cheered loudly at the mention of this candidate."

Mayor Short said he did not want to speak again as it was getting late, but the crowd insisted, and so he repeated two or three of the attacks made by Mr. McNamara.

John Cook, A. A. Kinney and J. R. McIntosh, aldermanic candidates stated their views and the meeting broke up.

## Private Control Of Water Power By Monopolists

Is Denounced by United States Congress—Recommend That Water Power Be Retained by People.

Washington, Nov. 20.—Monopolies in control of the water power in private hands was denounced, with a recommendation that no water power right, owned by the public should be removed from public ownership by the national conservation congress, which adjourned here late today.

The climax of the water power fight which had agitated the Congress for several days, came after the committee on resolutions, in which had been referred diverging reports from the waterways committee, submitted that the matter had been taken from its heels by the action of the conservation committee in adopting several principles upon which the waterways committee agreed. When the report had been read, Clifford Plimpton, former chief forester of the United States and father of the millinery waterways report in the Congress, moved as an amendment to the resolution report recommendation of principles on waterways control similar to the idea in the

minority report signed by himself, former Secretary of War Henry H. Wilson and Jos. N. Tait, of Oregon. This amendment was adopted by a vote of 315 to 96, and was signed by Representative Burnett, of Alabama, which left little doubt the resolution of the state control of waterways projects had been defeated 218 to 122.

The Plimpton amendment, approved by some southern and western delegates, declared that nonpublic lands were swiftly increasing in the United States. The congress elected Winston Lockport Park, of Lakewood, N.J., as president in success himself.

**IMMIGRANTS A MENACE IF NOT REACHED BY CHURCH**  
Making Good Canadians Out of European Immigrants a Vital Necessity.

North Bay, Nov. 20.—One of the most remarkable collections ever held in Northern Ontario has just been concluded in the laymen's missionary conference, held in North Bay. Delegates were present from all parts of the district of Niagara and Lake Temiskaming. Strong emphasis was laid on the duty imposed upon churches by the large immigration from Europe to Canada of making good Canadians out of these new citizens, who constitute a menace unless quickly reached by the influence of Christianity.

## THE WORLD OF LABOR

### MAJORITY FAVORS UNION CARPENTERS

Results of the Vote Indicate That Large Majority Wish to Unite

The regular meeting of the Amalgamated Carpenters was held in the Labor Hall, 253 Jasper avenue, on Thursday, November 20th, at eight p.m. The president, H. Wood, presided.

Henry J. Roche, of the City Government, who was present on the invitation of the local, used the short time allotted to him to explain the Executive Commission Form of the "Labor Government."

The speaker's remarks were closely followed by the local present was evidenced by the number of questions asked and the vote of thanks tendered Mr. Roche when he concluded.

A committee was appointed to act in conjunction with the Industrial Workers of the World, who are calling a meeting to be held in the Labor Hall on Sunday afternoon at 2 p.m., with the object of a 24-hour laboration strike.

The recent trouble on Vancouver Island has been closely watched by the carpenters of Edmonton, who have ceased to be forwarded various sums of money to the strike zone.

The official returns of the referendum vote recently taken on the plan of affiliation of the Amalgamated Carpenters and the United Brotherhood of Carpenters and Joiners of America, showed the following:

Total Amalgamated on condition... 2,588 1,341  
Total United Brotherhood... 31,438 15,407  
Total... 34,026 16,715

Total majority in favor of plan... 15,715

The vote will result in bringing together of all carpenters on this continent in one international organization with a paid-up membership of over a quarter of a million.

The plan also involves the privilege of free franchise to any other organization in any part of the world.

### UNITED BROTHERHOOD OF CARPENTERS MEETS

At the last regular meeting of the United Brotherhood of Carpenters Local 1325, the sick order officer, showing others the case of Alf Barnes. This man has been taken to the hospital, where it was suspected he was suffering from smallpox. When however it was discovered that he was a healthy man, but was the victim of poisoning.

The members of the union paid this member's fare and expenses back to his home in Toronto.

When later in the evening the forthcoming debate on Socialism and Trade Unionism was discussed, it was impossible to find any member willing to take the negative.

The meeting was afterwards addressed by Mr. Roche on the Executive Commission form of Government.

### BUILDING TRADES COUNCIL MEETS

On Wednesday last the Edmonton Building Trades Council met and elected officers for the coming term. During the evening it was mentioned by the speaker that the officers of the militia in Edmonton had called a meeting with the idea of testing what strength would turn out in case of order calling them to Vancouver. In reply only seven men turned out, including the handmen. Those in charge were so disgusted that they ordered all uniforms turned in. The next meeting will be held on Wednesday, Nov. 21st, when a committee is looked for.

### COMPERS MAY PAY VISIT TO EDMONTON

There is a possibility that Simon Gumpert, president of the American Federation of Labor, will be asked to address a mass meeting of labor men in this city on his return from the convention at Seattle. Calgary has extended an invitation on behalf of the Trades and Labor Council, to address a meeting there and should he accept the local council will ask him to come north and speak here.

### Provisions Han Short.

Port Arthur, Ont., Nov. 21.—(Press) The local market for provisions is food for two days of Captain Steve and crew of the steamer Port Arthur, which arrived today from Sydney, N.S. with rail. This was only one of the many shortages of the captain and crew. The Port Arthur council, however, heavy stores in the town of the St. Lawrence.

### Parsons Hates Lake Suez.

Washington, Nov. 21.—(Press) The method of assessing tolls on ships to the Panama Canal, issued today in a proclamation, signed by President Wilson, strictly forbids the cargo company or other types of shipping, and in general are framed in the same line as the rules of the Suez Canal. They do not affect the \$152 per ton rate previously prescribed in a presidential proclamation.

## Mrs. Pankhurst Is To Be Welcomed

If London Police Do Not Intervene Militant Will Give Rousing Reception

London, Nov. 21.—Vigorous efforts are being made by the militant wing of the suffragettes to organize a big reception for Mrs. Pankhurst on her return from America. If the militant leader is not arrested, she is to proceed to London for a "welcome" meeting at Earl's Court and will afterwards appear at a public dinner.

The most portentous situation on the subject at the moment is, will she be arrested by the British police. She has served only a few weeks of her sentence of three years' penal servitude, for leading to outrage, when released from prison, on May 26. It was said also that she was in a deplorable condition, but since then she has had a prolonged holiday in France and has crossed the Atlantic, judging by the arduous campaign she purports to undertake, she is now in ordinary health.

## Today Brings the Lavelle Special Offer in Bulletin Auto Contest to Its Close

Workers Who Desire to Earn One of the Six Handsome Neckties Should Turn in All the Money They Have Collected Before 5 O'Clock Tonight—Out-of-Town Contestants Should Mail All Remittances Promptly Today

At eight o'clock tonight the special offer of six laveliers to contestants leading for this week comes to a close. Workers in Edmonton must have their subscription money in the hands of the contest manager by that time if they wish to have it counted on the week's work. Contestants living outside the city must mail their remittances no later than November 22. As it will require several days for all outside remittances to reach Edmonton the winners of the six laveliers cannot be announced before Wednesday.

Contestants should make a careful study of the standing of workers which appears in this issue. After this week the standing will be printed three times a week, on Tuesdays, Thursdays and Saturdays.

All workers will find there are many suggestions in the daily contest articles and advertisements which

DR. J. H. HIDEELL, president of Alberta College, the famous Edmonton school in which two scholarships are to be awarded as prizes in the Bulletin voting contest.

are helpful to workers. These should be read with care by all contestants and their friends.

The laveliers which will be given away are on exhibition at Jackson Bros., beautiful store on Jasper avenue, where contestants will be welcomed at any time they wish to call and inspect the gifts. The two diamond rings to be awarded at the end of the competition may also be seen at Jackson Bros. They are an exhibition in one of the show windows and labelled with a large card.

The McLaughlin carriage on Fifth street, just half a block off Jasper avenue, has the grand capital prize, the 1914 McLaughlin-Buick, on exhibition in its display room and will welcome visitors at any time. The price of the car is \$1550.

Both of the player piano which will be given away in the Bulletin contest are on exhibition at the Masters Piano House on Jasper avenue. One of the instruments is a Master, and the other is an Autolola, made by the Bell Co. The combined value of the two players is \$1350.

Visit Alberta College.

Workers who are striving to earn one of the scholarships in Alberta College should call on the Rev. S. Metcal, principal of the college, and ask to be shown through that excellent institution of learning. The six scholarships are good for tuition in any department. The winners may take music, stenography, telegraphy, commercial work, domestic science, art or academic work. January 5th marks the beginning of the next term, so the winners may begin their education just a few days after the conclusion of the contest on December 22nd.

Contestants who are working for the five Montreal trips to be given away should consult their local ticket agents for information about the holiday trip to the East. From Edmonton to Winnipeg the Bulletin trip will be on the Canadian Northern, but

from Winnipeg to Montreal the winners of the trip may elect any line they choose.

Address all inquiries to the contest manager of the Bulletin, Telephone 1713.

FOUND GUILTY, BUT DISMISSED.

VANCOUVER, Nov. 21.—The trial concluded this evening of P. H. Blockberger and George Schumaker, of the Westliche German Restaurant on a charge of having criminally libelled Alva Von Henschen. Although the judge found them guilty the judge considered that the offence was not of such a character as to warrant a sentence being imposed on them.

**Imperial Sentiment Not On Wane In Dominions**

Lord Emmott, After Empire Tour, Says Time for Organic Change in Imperial Federation Has Not Arrived—Hopeful as to Empire's Future

London, Nov. 20. (C. A. P.)—Speaking at a reception given by the Victoria League to the members of the parliamentary association who had just returned from their empire tour, Lord Emmott referred in the highest terms to the imperial sentiment he had found in every corner of the dominions and encouraged the people to persevere.

Mr. Emmott did not think the time was ripe for any great organic change in the direction of imperial federation or any action of that kind. The dominions were for the most part just beginning to get anything of the kind yet. He felt very hopeful about the future of the empire.

The imperial sentiment was in the right direction and when as looked to the future it was found to be really that in some forty-five years a great proportion of the population in the dominions would be made up of those who had not seen the United Kingdom or had not seen personal knowledge of it. It would be therefore all to the good if we could find the dominions more and more encouraged to persevere.

**HE SHOT INDIAN IN MISTAKE FOR MOOSE**

Martin Reay, Homeowner of Beverly, accidentally killed a Native Indian.

Chatham, Alta., Nov. 20.—Martin Reay, a homeowner of Beverly, Alberta, shot and killed an Indian on Saturday last, mistaking him for a moose.

The Indian's name is Jacob Dismay, and he is one of the last of the old-time Indians of the country.

The accident took place about two or three miles south of Beverly's lower camp, on the banks of the Bow river and south of Chatham.

After the accident, Martin Reay was taken to the hospital and is now up to the mark.

Commissary General of Edmonton and Curator, Anderson, of Whistman, left on Sunday to investigate.

**TWO MADEROS ARE REFUGEES ABOARD U. S. BATTLESHIP**

American Consul at Vera Cruz Gives Them Asylum in Consulate

LOCAL AUTHORITIES DEMAND SURRENDER

Washington Officials Waiting for Gradual Disintegration of Huerta Regime

Vera Cruz, Nov. 21.—Barristas and United Mexican 200 relatives of the late president of Mexico, were taken down on board the American battleship USS Texas today by the United States authorities.

A request for the surrender of the United States authorities to the local authorities was made by General Huerta today, but was promptly refused to comply with the request.

Rescued by land.

After their release yesterday from the fortress of San Juan, the two Maderos sought asylum in the

American consulate where they were rescued in strict privacy until this morning. At once upon release the two fugitives, escorted only by John Lind, the personal representative of President Wilson, and William W. Canada, the United States consul, left the consulate and went to the hotel where they were staying.

They had a steamer launch with an armed crew of soldiers from the battleship at their disposal. The fugitives were being taken to the United States.

"Only God can save Mexico," the fugitives were heard to say.

To which his brother replied: "But God, with the help of the United States."

They were being taken to the United States.

They were being taken to the United States.

They were being taken to the United States.

They were being taken to the United States.

They were being taken to the United States.

They were being taken to the United States.

Will Not Be Recognized.

Although the foreign governments generally have signified their dissent to the American policy, as thus far outlined, it is being taken for granted here that so far as the nations of the world are concerned the "Maderos" are not yet recognized.

While no positive steps are being taken and no action of a summary character, so far as known, is planned. The disposition of high officials is to wait the day but what they deem inevitable process of justice.

Will's Claims on Wilson.

Albany, N.Y., Nov. 21.—Commenting on the situation in an editorial article today in the Albany Evening Journal.

"Does President Wilson not know, or does he not care to know that in history and before the civilized world he is being taken for granted that the Maderos are not yet recognized."

The article then recapitulates the charges of murder and pillage attributed to Villa, the rebel leader, at Terreon and Juarez, alleging that (Pinar) revolution triumphs Villa will become vicepresident, minister of war, or some other functionary, by virtue of the valuable services he has rendered to Venustiano Carranza, the constitutional leader.

**ONTARIO FRUIT MEN ENTER LOUD PROTEST**

Declare Loss of Business in West Is Due to Boycott by Jobbers

Toronto, Nov. 21.—A direct charge that many of the wholesale jobbers of Western Canada are in a boycott against Canadian and particularly Ontario grown fruit was made at a session of the fruit growers' convention by Robert Thompson, manager of the St. Catharines Cold Storage and Packerage Company. Mr. Thompson declared that "most of the orders there are controlled by an American syndicate, which is not in sympathy with Canadian growers and which wishes to corner the market for fruit shipped in from the United States."

We say, to a great extent, that the majority of this kind of order, for even now they lay Canadian fruit, related it and said it was an American in order to build up the trade in United States stuff."

The division committee was, in the opinion of the speaker, quite against the cause of the loss of the western trade to the Ontario grower as well as the careless packing with which the latter is charged.

Santer, France, Nov. 19.—The recent possession of title of the guests at a wedding party at Chateau, a town in the department of Maine et Loire, was due to a bacillus, heretofore unknown to science.

**FIREMAN INJURED; WAGON OVERTURNED**

In Turning Corner Hose Wagon Is Overturned and Alfred Hargrove Injured

(From Evening Edition)

When answering a call from the Firehouse at noon Friday morning a hose wagon from No. 2 fire unit turning the corner of Kinsington avenue and Second street, throwing several firemen to the ground. Alfred Hargrove, a fireman, who was clinging to the wagon at the time, sustained a strained shoulder and was removed to the firehouse's office near by. He is not seriously injured, however, and will return to work in a day or two. Fortunately when the wagon, which was a light one, upon the new construction, clear or they might have been crushed beneath the vehicle.

The fire to which they had been called was in the north wall of the Fenderson hotel, the fire having been caused by an overheated cooking range. Considerable difficulty was experienced in extinguishing it, the hose being located between the planter and the brick wall for some distance.

Chemicals were used. There was little damage.

Toronto, Nov. 21.—The condition of Commissioner Egan, Reer has shown a slight improvement since yesterday. The city treasurer, R. T. Chad, who is visiting at his home, was expected to be better this afternoon.

## AROUND THE CITY

(From Evening Edition)

The Metropolitan Mission Circle will hold their regular meeting at the home of Mrs. Brown, 1641 10th avenue N.E., South Side, tonight, at 7:45. Professor Hild will address the meeting.

Rev. H. W. Rochester, R.A., general secretary of the Lord's Day Alliance, will be in Edmonton over Sunday. In the morning he will speak in the Highlands Methodist Church, and in the evening in Robertson Presbyterian Church.

What Drive Tonight.—The young men's club of the Lord's Day Alliance will hold a white drive in the schoolroom adjoining the church, on Third street, this evening at eight o'clock. Refreshments will be served.

At Wesley Methodist Parsonage on Wednesday, Nov. 20th, Rev. G. J. Armstrong, R.A., united in marriage Mr. Chetron Verise and Miss M. Thompson, and Mr. Norman K. Crepp, and Miss Elizabeth Louise Heald, all of Edmonton.

Dance at West Edmonton.—One hundred and twenty couples attended the dance given on Thursday night in the King George Theatre, 22d street, Edmonton, under the auspices of the Social Hour Dancing Club. The music was provided by Barker's orchestra.

### REBEKAH LODGE HAS DANCE.

The Jewel Rebekah Lodge, No. 25 1003 P., held a very jolly Christmas dance in Neward Odell's hall, last evening. About one hundred guests danced merrily to Lyuka's orchestra.

### IN THE POLICE COURT.

Many complaints have recently been made to the city police regarding the discharging of firearms in the east end on the south side of the city. In some instances charges were laid and the shooting became so frequent that it became dangerous to walk in that part of the city. In consequence of the complaints a couple of plain clothes men were put on the case with the result that two arrests were made yesterday. The men's names are Moon and Alphonse, and in the police court they were fined \$5 and costs this morning.

For failing to register his motor a man named Stoddard was fined \$5 and costs.

### PANTAGON OFFICE ROBBERY.

The epidemic of crime which has broken out in the city does not show signs of abatement despite the fact that many arrests have recently taken place for petty thefts and robberies. Last night the office of the Pantagon theatre was broken into and \$25 stolen. The thief appears to have picked up the door, which by the way is not very strong, lifted a pocket book containing the sum mentioned, then shut

the door and walked into a lavatory where he threw the empty pocket book away. No arrests have been made at first it was thought the thief was connected with the three men seen in the street, but the finding this would not appear to be the case.

### NORTHERN WEATHER.

The following is today's weather report from Northern Alberta:

Grande Prairie—Clear, light north wind, 12 below.

Athabasca—Clear and calm; 10 above.

St. Mary's—Clear and calm; 10 above.

St. Mary's Landing—Clear and calm; 10 above.

### BIG NEW THEATRE.

Arrangements have been completed for the erection of a \$250,000 theatre in the city, by George Brown, president of the company, and the company state that the theatre will be the largest and the most modern in Western Canada. The structure will be of steel and reinforced concrete, as near fireproof as a building can possibly be made, with a seating capacity of close on 3,000. The theatre will be the property of the company, and the company state that negotiations are already in progress for the securing of a circuit, which it is expected will be opened in Edmonton by the end of March.

### AN ACT OF PROVIDENCE.

Verdict of coroner's jury inquest on the bodies of the storm victims.

Zurich, Ont. Nov. 21.—Death from drowning, resulting from the wreck of the Westford, during a most violent storm. We find no one responsible for the death, which was due to an act of Providence.

The above was the verdict rendered by the coroner's jury, who had been enquiring into the cause of the deaths of the Westford sailors, found at Long Lake, Huron Beach, near St. Joseph.

No evidence was taken as to whether or not the Westford could have been brought safely into port had the barometer at Goderich and nearby been burning.

## BOULDER ON TRACK CAUSED WRECK OF IMPERIAL LIMITED

Engine Topped Over Into Lake Superior, Drowning Fireman O'Connor

### NONE OF PASSENGER COACHES LEFT TRACK

Details of Accident Led to Be That Train Was Miraculously One

Montreal, Nov. 21.—Official confirmation of the derailing of the Imperial limited was given at the office of Vice-President McNichol, of the C.P.R., this morning. A dispatch received by the C.P.R. at 3:30 a.m. was the first intimation received at the company's headquarters that the contents of a telegram were of a serious nature. The telegram, transcontinental from Montreal to Vancouver, had been deranged a few miles out of the city of Calgary, Ontario, near Ileron bay on Lake Superior.

The engine and express car went off the track, and the fireman O'Connor, who was on duty, was killed.

The engine was derailed when the locomotive shot over the embankment. It was a serious accident, as the locomotive struck it with such impact as to derail not only the locomotive but also the express car, which was coupled behind it. The derailed train was the first since the Imperial limited and it was positively limited to the train which was derailed and who is presumed to have been drowned when the train was derailed over into the icy waters of Lake Superior.

An official despatch to the C.P.R. at noon today describes the cause of the wreck as a huge boulder which had become loose and rolled down the embankment on the lake shore to the track. The engineer either did not see the obstruction or was not able to stop the train in time for the locomotive struck it with such impact as to derail not only the locomotive but also the express car, which was coupled behind it. The derailed train was the first since the Imperial limited and it was positively limited to the train which was derailed and who is presumed to have been drowned when the train was derailed over into the icy waters of Lake Superior.

### INVOLVED LEMIEUX ACT

C.P.R. and Maintenance-of-Way Men Agreed to Appointment of Arbitration Board.

Winnipeg, Nov. 21.—What threatened to become an open rupture between the Canadian Pacific Railway and its maintenance of way men has simmered down, the parties having agreed to the appointment of an arbitration board. Approximately 22,000 men are engaged in the work of the C.P.R. on eastern lines, and 17,000 in the west. The men have demanded an increase averaging 15 per cent, which in some cases runs as high as 25 per cent. The arbitration board will consist of Judge Meredith (chairman), Walter Bennett, K.C. of Toronto, and John C. McNeil, K.C. of Winnipeg. The company, and W. Irwin, for the men. It is expected that the board will meet Monday next in Montreal.

### C.P.R. Cool Auxiliary Sinks.

Vancouver, Nov. 21.—After shipping some heavy iron in the Gulf of Georgia last night, the C.P.R. coal hauler Coronado sprang a leak and founder. The crew of five escaped and were brought in here this morning by the tug. The Coronado was heavily laden with coal for the Empress of Russia and her decks were heaped high with the fuel, which amounted to about sixteen hundred tons. An inquiry will be held into the sinking. The Coronado has had a varied existence and has plied under the British, German and American flags. The C.P.R. purchased her some months ago from Seattle parties.

## Europe Protests Against Ill-Treatment In Russia Of Political Prisoners

Since Czar Issued His Liberty-Promising Manifesto in 1905, 40,000 Persons Have Been Sentenced for Political Offences—Terrible Suffering Recounted—Epidemic of Suicide Among Those Confinement in Siberia.

London, Nov. 21.—There is being sounded throughout Europe this morning a protest against the ill-treatment of political prisoners in Russia. It bears numerous signatures of politicians, scientists, artists and men of letters of European repute.

It is declared in the protest that since the Czar's manifesto of October 1905, promising liberty to the people of Russia, over forty thousand persons have been sentenced for political offences, of those over 2,000 have been executed and more than ten thousands were thrown into the horrible Katorga or hard labor prisons. The treatment of the prisoners is stated, scarcely affected the political persons. Their terrible sufferings have not been mitigated. The prisoners are over-crowded to such an extent that it is impossible for them to rest on the bare floor. Absolute starvation and the most barbarous treatment are their daily portion.

The prisoners become the victims of all kinds of epidemics, and very often the prisons become centres of infection for the surrounding districts. Those sentenced to long terms, chiefly political prisoners, are in fact condemned to a slow form of slow death.

A veritable epidemic of suicide has developed among the prisoners, says the protest. The unhappy prisoners see in suicide the only way of escape. Most tragic is the fate of those thousands of political prisoners, of whom most are deported to Siberia without trial but merely by the arbitrary action of the administration. Most of them are sent to frozen wastes, where they are unable to obtain necessary food, clothing and housing, and where they perish.

Prominent Men Sign Protest. The names of the protest who say they will join together to publicize the facts so that the world may know them and form an opinion, include the following: Lord Lytton, J. W. Edgely, Sir A. C. Newman, Prof. Gilbert Murray, Prof. J. R. Burry, Laurence Irving, Sir Victor Horsley and Maurice Hewitt.
